

Required textbook: Magill & Anderson (2020)

Lectures notes in PDF<sup>1</sup>

: Online via Zoom : On Campus

**! Important**

I suggest you to read and study the assigned content (chapters, videos, eFlashcards, etc.) first, then watch the video/audio lectures.

**⚠ Warning**

I teach three different sections of KIN 377, one hybrid and two fully online. Even though it shows in Canvas you are in section #19392, you still belong to the section you originally enrolled. To find out, log into the CSUN Portal and verify your original enrollment. So, if the CSUN Portal says you are in

- **KIN 377 MOTOR LEARNING - (19430-SP2023); or**
- **KIN 377 MOTOR LEARNING - (19780-SP2023)**

**Then, THERE ARE NO ON-CAMPUS OR ONLINE MEETINGS. You are enrolled in a FULLY online (asynchronous) course.**

And if the CSUN Portal says you are in

- **KIN 377 MOTOR LEARNING - (19392-SP2023)**

**Then, there will be online and on-campus meetings.**

Magill, R. A., & Anderson, D. (2020). *Motor learning and control: concepts and applications*. McGraw-Hill Education. <https://www.bkstr.com/csunorthridgestore/product/motor-learning-and-control--concepts-and-applications-147614-1>

---

<sup>2</sup>Only applies to Hybrid sections. Fully Online (OF) sections do not meet online or on campus.

<sup>3</sup>In addition to the main reading (Magill & Anderson, 2020), students are responsible for other materials assigned each week. This may include videos, articles, and eFlashcards.
